

Plum Quick Motors

## Vision Statement

Plum Quick Motors is committed to be the #1 source for Electric Golf Cart Performance Products in the World.

Plum Quick Motors pushes the performance of these products by constantly setting World Speed Records with our Drag Racing Golf Carts. In doing so, we have developed our line of products to bring our customers the absolute BEST performance on the market.

## Mission Statement

Plum Quick Motors Sales & Tech staff personally talk to each and every customer regarding all motor options for their specific needs. This will ensure our customers determine which motor option is best for their cart.

This has enabled us to develop our line of products to bring our customers the absolute BEST performance on the market.

Plum Quick Motors “The World Class Standard in Golf Cart Performance”
